

## WELCOME ABOARD RUQUIA MAMUGY!! BIOVISION GAINS AD- MINISTRATIVE DYNAMO

BioVision Welcomes Ruquia Mamugy to the team in a vital administrative and logistical support role.

Her responsibilities include facilitating a seamless transition to our newly acquired Torres Rany office and offering crucial support to both daily office and field activities.

## NOISE MONITORING CAMPAIGN FOR OP- TIC CABLE PROJECT

The BioVision field team has successfully implemented a comprehensive noise monitoring campaign, evaluating the daily and nocturnal noise levels across the 221 km extension of the new optical cable project connecting the cities of Maputo and Xai-Xai.

This initiative serves as the foundational benchmark for our upcoming noise impact assessment study, scheduled for development in 2024, aimed at securing approval from the Environmental Ministry.

## NEW PROJECT BRITISH INTERNATIO- NAL INVESTMENT!

We're thrilled to share the exciting news that BioVision has been selected to lead training sessions at BII - British International Investment, focusing on crucial aspects of the circular economy.

This significant project involves comprehensive ESMS training for 500 employees, encompassing in-depth insights into circular economy enterprises.

## ONGOING PROJECT CORAL FLNG

BioVision's team continues to play a key role in the bi-annual environmental and social compliance audit for CORAL FLNG, on behalf of the project lenders.

Our dedicated team takes charge of engaging with the project's social initiatives and meticulously evaluates compliance in the waste treatment and disposal processes

World Fisheries Day is celebrated across the world on 21 November annually. The main purpose behind this day is to highlight the importance of sustainable stocks of fisheries in the world, to strengthen human rights for the small-scale fishing communities, to make a true difference in the working conditions of fishing communities and to eliminate illegal, unreported and unregulated fishing. .

## WE ARE CELEBRATING **WORLD FISHERIES DAY!**

### Turning Tides for Good:

BioVision's Call to Action on World Fisheries Day!

Extend a helping hand by gifting your pre-loved fishing rods to local fishermen in Africa. As we celebrate this global day of awareness, let's actively contribute to the prosperity and well-being of communities through the Rods of Hope campaign.
